

# FICA-Endorsed Insurance Program Surpasses \$125,000 in Dividends

The National Furrier Insurance Program endorsed by FICA is pleased to announce it has **surpassed \$125,000 in policyholder dividends** based on individual furrier's favorable experience. Our program is designed to allow furriers to reap the benefits of being claim-free by issuing dividends for great performance.

Does that mean the program charges more than necessary only to give it back? No. Program rates already are among the most competitive in the country. Experience has shown, however, that those who have great experience and employ good risk management practices are able to and should share in the savings.

## Other reasons to join the National Furrier Insurance Program include:

**Furriers Block Coverage**, for your fur inventory and similar property of others in your care, custody and control while:

- On your premises
- In show windows
- In transit (domestic and international)
- In custody of sales agents
- Being modeled on premises, at another dealer, or at an exhibition
- At trade shows, exhibitions, or on dealers' premises
- At other unnamed locations

**Furrier's Customers Coverage**, for customers' furs and similar articles you accept for storage, alteration, repair, cleaning or remodeling while:

- In your care, custody and control
- In storage at your location

**Loss of Accrued Charges** for storage, alterations, repairing, cleaning, or remodeling that you cannot collect following a covered loss such as fire.

**Excess Legal Liability Coverage**, in the event you are required to pay amounts higher than indicated on a customer's receipt following a covered loss.
